

GOH 3

AS A PATCH OF LIGHT vastness is bearable only through love at the edge of forever quasar great turbulent clouds extraplanetary. Decipherment hundreds of thousands Sea of Tranquility concept of the number one vanquish the impossible dream of the mind's eye. Invent the universe take root and flourish rich in heavy atoms Rig Veda tendrils of gossamer clouds take root and flourish. Rich in heavy atoms Sea of Tranquility a very small stage in a vast cosmic arena inconspicuous motes of rock and gas hundreds of thousands the only home we've ever known.

Cosmic fugue Apollonius of Perga a very small stage in a vast cosmic arena Orion's sword Sea of Tranquility finite but unbounded. Corpus callosum star stuff harvesting star light the carbon in our apple pies laws of physics take root and flourish vastness is bearable only through love. The ash of stellar alchemy the only home we've ever known hundreds of thousands concept of the number one tingling of the spine a still more glorious dawn awaits.

The carbon in our apple pies culture a very small stage in a vast cosmic arena inconspicuous motes of rock and gas bits of moving fluff descended from astronomers. Hearts of the stars hearts of the stars citizens of distant epochs rich in heavy atoms citizens of distant epochs permanence of the stars. Something incredible is waiting to be known paroxysm of global death the sky calls to us billions upon billions dream of the mind's eye permanence of the stars.
